The Institute of Applied and Computational Mathematics of the Foundation for Research and Technology - Hellas (IACM-FORTH), in the framework of the project ARCHERS, which is funded by an exclusive donation of the *Stavros Niarchos Foundation*, is seeking to recruit three (3) post-doctoral fellows. The project aims at reducing or even reversing the brain drain by providing high quality research opportunities to young scientists of Greek origin.

Job Description

The Stavros Niarchos Foundation – FORTH fellows are expected to perform high quality research within one of the research areas, in which FORTH-IACM excels both on the national and the international level (<http://www.iacm.forth.gr/>). The domains of interest in the present project are the preservation of cultural heritage and the science and innovation in the areas of environment, clean energy and health. Within IACM, preference will be given to candidates active in Applied and Computational Mathematics.

Eligibility criteria

- PhD degree in Mathematics, Physical Sciences, Engineering and related fields
- Good knowledge of Greek and English language

Evaluation Criteria

- Publications in high quality journals
- Quality of the proposed post-doctoral project
- Ability and motivation to perform independent research
- According to international practice, the academic age (number of years after the Ph.D. degree award year) will be taken into consideration as a selection criterion; preference will be given to Post-Doctoral researchers with an academic age less or equal to 10 years.

Location: IACM-FORTH, Heraklion Crete GREECE

Start Date: 15th of January, 2018

Duration of appointment: 12 months
